

FIRM OVERVIEW

- Middle-market private equity firm led by a group of experienced private equity and management executives, formed as a **spin-out from Charlesbank Capital Partners**
- Target opportunities to become “**partner of choice**” for founders and management teams
- Leverage **deep network of executives** cultivated over decades to source and evaluate opportunities
- Dedicate significant resources to each company with a **concentrated portfolio** and hands-on approach
- **\$385 million Fund I** closed in April 2018, reaching “hard cap” in three months

TARGET INVESTMENT PARAMETERS

- Enterprise values: \$50 to \$500 million
- Equity investments: \$25 to \$100 million
- Size of business: \$10 to \$35 million of EBITDA
- Industries: Focus primarily on consumer products, industrials, and business services
- Geography: Focus primarily on North American companies (U.S. and Canada)

TRANSACTION TYPES

Family and founder led businesses where existing shareholders are interested in continuing to own a meaningful portion of the business and want a partner to help maximize the value of their remaining ownership stake

Corporate carve-outs from larger companies where management sees untapped opportunities from independence

Complex situations where we can partner with management to transform businesses in transition (e.g. management succession, industry turmoil, new growth avenues, consolidation opportunities, low-cost manufacturing)
